Seems to me we should think about what we would want an OCSPP-focused meeting to include (if we feel we need to engage in this forum as opposed to our other stakeholder engagements), and when it would make sense to pursue that

Hi. For some more detail on the Wednesday meeting I have highlighted key points below. I am flagging in case you might want to reach out to Rosemary to inquire on your participation, etc. or have other questions. Otherwise you will hear more COB Monday from Amanda/OPS.

Thank you, this is extremely helpful. We will give you an idea of OSCPP's participation by COB, Monday – whether we are able to attend with a potential topic(s) or seek to participate in the next opportunity.

Note: I will also be out of the office tomorrow.

Hi, a few answers are below, please let me know if there's more information I can provide! I'm also looping in Loni Cortez Russell, who can follow-up with any additional info/logistics while I am out of the office starting tomorrow.

- Rosemary will definitely be attending this meeting. Joe Goffman and Deputy AA's from OAR have also previously attended. I don't believe other AA's are slated to attend this month's, beyond Rosemary.
- We are still developing this agenda, but topics that are definitely on it will be:
  - Input on EPA's draft strategic plan
  - EPA's American Rescue Plan Environmental Justice Funds
  - The Office of Enforcement and Compliance Assurance's (OECA) EJ Steering Committee
- Last month's agenda was:
  - Purpose and goals of the monthly call
  - EPA's 2022 – 2026 Strategic Plan
  - Equity Taskforce Outreach
  - Clean Air Act (CAA) List of Air Toxics Addition of 1-Bromopropane (1-BP) Engagement
  - Public Listening Sessions on Upcoming Oil and Natural Gas Methane Rule
  - Reconsidering the previous administration's decision to retain the particulate matter (PM) National Ambient Air Quality Standards (NAAQS)
  - ENERGY STAR Home Upgrade Program
- We can be flexible about the time per topic depending on the topic (and speaker availability), but I would expect at least 10-15 minutes, if people have questions.
- The meeting will be 2-3:30pm and held over Zoom. Rosemary will facilitate the meeting, and each topic's section will begin with remarks and/or a presentation from EPA staff, followed by Q&A on that topic.
- There is not a webpage for this meeting.
- Certainly, if OCSPP doesn't have updates/availability for this month, you'll be more than welcome next month!
- Because attendees fluctuate month-to-month based on availability and topics, I can't say for sure who will be attending, but below are some of the organizations that will be invited:
  - Alaska Community Action on Toxics
  - Asian Pacific Environmental Network
  - Black Millennials for Flint
  - California Environmental Justice Alliance
  - Center for the Urban Environment
  - Center for Urban Environment at the John S. Watson Institute For Public Policy
  - Climate Justice Alliance
  - Communities for a Better Environment
  - Deep South Center for EJ
  - Environmental Justice Health Alliance, Coming Clean
  - Environmental Health Coalition
  - Green Door
  - Indigenous Environmental Network
  - Just Transition Alliance
  - Little Village Environmental Justice Organization (LVEJO)
  - Michigan Environmental Coalition
  - Mobile Environmental Justice Action Coalition
  - Moving Forward Network
  - National Black Environmental Justice Network
  - National Wildlife Federation
  - New Alpha Community Development Corporation
  - Opal Oregon
  - PODER
  - South Bronx Unite
  - Southwest Network for Environmental and Economic Justice
  - TEJAS
  - The Harambee House / Citizens for Environmental Justice
  - University of Maryland
  - UPROSE
  - WE ACT

- West Atlanta Watershed Alliance
- West End Revitalization Association
- Wisconsin Green Muslims
- NAACP

**Subject:** Questions - July 21st OPEE Meeting - OCSPP Topics/ Environmental Justice Topics

Good afternoon Max,

Thank you for inviting OCSPP to be a part of an upcoming OPEE meeting. To identify potential topics and prepare, we have several questions that would be most helpful to better understand the inquiry and the dynamic of these meetings.

- Can you tell me if it is normal for AA's to attend and provide topic updates during these meetings? Will Rosemary be in of attendance or any other EPA Senior Leadership?
- Or could Senior Leadership come in to make a few remarks and then participate in a listening-mode afterwards or depart (would that be a normal practice)?
- Do you have a draft agenda already in place?
- Could you send an older agenda for us to see?
- How much time would a normal topic item have?
- Can you send the list of external parties on these meetings/committee?
- Can you share the meeting logistics? Time of meeting?
- Is there a webpage for this group?

We are actively identifying a potential OCSPP topic and engagement. Your feedback will assist us in making further decisions and determining whether our Senior Leadership and staff may be able to attend/present.

Lastly, if for some reason we are not able to participate next week – could OCSPP participate at an upcoming monthly meeting?

Thank you,

Amanda
